10 YEARS LATER BY J. STERLING PDF

From USA TODAY bestselling author J. Sterling comes the highly anticipated story about a second chance at love. Come fall for Cammie & Dalton as they reunite after 10 years in this emotional standalone, second chance romance that will tug at your heartstrings and leave a smile on your face.

Cammie

It's been ten years since I've seen him. Ten years. I have no idea what he's doing, where he's been, or if he's even still single. Have I thought about him over the years? Of course. Absolutely. But that doesn't mean anything, right? Just because you think about the boy you used to be in love with doesn't mean you're still in love with him now. Does it?

Dalton

I haven't seen her in ten years. She's the only reason I'm even coming to this reunion. If it wasn't for her, I would have stayed home. Sure, I made mistakes back in high school. Hell, I was just a kid then. But I'm here to right my wrongs, to tell her I'm sorry and win her back. She changed my whole life, and she doesn't even know it. It's time she knew.

Life always offers second chances and that is the hope for tomorrow

My 4.5 Star Review of 10 Years Later by J. Sterling

No one ever said love was easy. And if they did, they lied.

We've all been there. You know, that high school sweetheart or crush. The one who stole your heart, who captured your attention all the time, that kiss that meant the world to you, a touch that would make you melt and two arms that made you feel safe. Feelings like that, you never really get over. Like most high school romances, it all ends in the blink of an eye.

Cammie has loved Dalton since she was fourteen years old. He was the light in her life when she was in her darkest moments. The kisses he would sneak from her calmed her, his touches warmed her heart. Then one day everything changed.

Life moves on and for Cammie, she was never really able to find “the one”. But hey, you live and you learn. As hard as you try to forget and try to move on, that dang heart doesn’t want to listen. Then you find yourself wondering what if as you prepare to attend your ten year high school reunion.

Dalton had become so ingrained, so easily a part of me, that not even surgery could remove him.

Dalton can’t figure out for the life of him where he went wrong with Cammie. One day they are head over heels for each other and then the next day, she refuses to acknowledge his existence. In the blink of an eye they have graduated and are off to college. It is hard to move forward with your life when someone still has your heart.

With his ten year reunion, Dalton is set on making things right with Cammie. No longer a teenage boy, he is determined to keep her in his life this time and he isn’t going down without a fight.

“Oh Lord,” Kristy whispered. “The eagle has landed. Crash Landed. Hard Landing.”

Fate has a funny way of bringing people back into your lives and it is impossible to deny what your heart has always wanted. No relationship is easy, life has a way of testing your limits to the point of no return. For Cammie, the haunting fear of her past put a damper on her happiness with Dalton, especially because of his job. This is something that Cammie struggles with and in the end is her breaking point.

Happily-ever-after seemed to be something that eluded me, and I wondered if it always would

Dalton is over the moon to be reunited with Cammie again. She is all he ever wanted. Things seem to be going great but when an issue at work turns into a disaster. Dalton can see the determination in Cammie’s eyes and he fears that he may have lost her for good this time.

I couldn’t let her go. Not again. Not after reconnecting the way we had. There was a special bond between Cammie and me, something that never quite died with time. It didn’t fade away, lessen, or cease to exist, instead it simmered, waiting for us to come within feet of each other so it could reignite and set us both aflame. I was on fire and I refused to burn alone.

I adored Cammie’s character. She is beautiful, smart and witty. Her best friend Kristy is awesome and tells it like it is. Cammie continuously denied her feelings for Dalton. When she finally comes to terms with the fact she never truly got over him. You know that saying, people come into your life for a reason, a season or a lifetime. Well for Cammie, it takes her time to see which one Dalton is.

My heart broke for Cammie, the heartache and the fear she has. It seriously paralyzed her from being able to move forward with what she really wanted.

Dalton is just amazing. He knows what he wants and he goes after it. He is sexy, smart and funny. When he finally gets Cammie back in his arms it is like all is right in the world. It is like they were never apart.

Jenn has created two amazing characters with two awesome supporting characters with Kristy and Tucker. These characters aren’t like anything she has written before and I LOVE her for that!

Cammie and Dalton just stole my heart. I felt all of their emotions, the happiness, the loss, the heartache, the fear and excitement, the longing and their love for each other.

Who doesn’t want a second chance at that first amazing love? This was such an emotional and beautifully written book.

Sometimes life was messy and got in the way. But wasn’t that part of the beauty of falling in love and being in a relationship? You figured things out together as you grew, and faced the challenges that life enjoyed the hell out of throwing at you.

Amazing Second Chance at Love!!

By Rose

OMG! I love J. Sterling The Game Series and Seeing Stars but 10 Years Later grabbed my heart in a very good way, read it in less than 2 hours. This book is about Cammie and Dalton getting a second chance at love. We have drama with Dalton's job, smiles with Cammie's job and her friends or co-workers and suspense with Cammie's history with her dad and his death. But above all we have a great love between two persons that has stand more than 10 years. This was a full circle journey. I wished there were an epilogue because I really like to know what happens next, but you could imagine marriage, kids, white picket fence maybe a dog, the hole enchiladas. This is a book that will cause you to remember your high school days. Like Cammie i got my high school sweetheart, thank God I did not wait 10 years. So i like the story very much.

4.5 stars! Sweet, funny, swoony, with an emotional bite.

By K. Bias

As Cammie Carmichael gears up for her ten year high school reunion, she is going with the hope of seeing one man, Dalton Thomas. He was her big crush, anchor during hard times, and biggest disappointment. Something happened to make her shut him out and they lost their close bond. And after high school he fell off the grid. So she has no idea where is or what he has been doing.

Dalton has his own questions and regrets. And he has one mission for the reunion--talk to Cammie and this time don't leave anything unsaid.

Dalton was such a sweet heart. He was all hot alpha man with the heart of a love sick boy. Cammie was sweet and sassy, but also insecure and fearful. Their chemistry and rapport was so easy. They were both mature enough to ask the questions and get the answers they needed. I completely adored them together. Their best friends Tucker and Kristy added even more humor to the story. So I found myself smiling a lot.

It was told in dual point of view in present with some flashbacks, so we are privy to their beginning, missed communication, and mistakes when they were younger. Oh the drama and strife of young love and missed opportunities. They both now have regrets, but realize how inconsequential they seem in the grand scheme of things. While in high school, they were life altering. But years have gone by and they are set in their lives and careers. But still something is missing.

But there are still issues form her past and in their current situation that could ruin them before they really can get started again. But this time will they let the other one walk way or fight to keep them?

I got totally sucked into this sweet, funny novel with likable characters and an engaging second chance love story. I laughed, swooned, and got frustrated, but was invested in these two long lost loves all along the way. I think everyone can relate to the story line---the one that got away and a chance for a do-over years later.
