A lovely slide from acquaintances, to friends, to lovers.

By Musings & Ramblings

I am a sucker for a good Christmas story. So when I saw that the next "Bad Boy" book in the Second Chance series was Christmas themed, I did a little cheer. Add in the fact that this one is all about Connor, that hunky landscape artist from the last book and *fanning self* whoo boy, let's get started!

I remember Connor from the last book as being pretty easy going and doing gentle flirting and teasing. He brings that to this book, but now we get to see his depths too. As an army veteran, he carries some emotional scars from his time overseas. While Faith is in danger, he gently but firmly steps in and starts handling things. Since the two of them both have a betrayal in their past, they click on many levels and while they spend time together, they really get to know each other better. There is no insta love going on here. Just a lovely slide from acquaintances, to friends, to lovers.

Faith currently works with Sophie, from Rescuing the Bad Boy. Several times during that book and this one, comments are made about her being "model" beautiful, being tall, slim and pretty. It's hard to imagine a woman like that having body issues, but it can happen to the best of us. The way Connor handled her issues was just right and is a gentle reminder to us all that everyone can have body image issues.

Both Connor and Faith came to this relationship with baggage. It was their ability to assist each other with the issues that were weighing each other down that really spoke to me. Connor showed Faith that she could depend and lean on him and Faith showed Connor that he was loved and had a life ahead of him. They complemented each other so nicely. I couldn't help but give a happy sigh with the news in the epilogue; I do so love a happy ending. This was another 5 star read in the series.

Thanks to Netgalley and Forever Publishing for the opportunity to read and review the book.

An emotional read!

By OpenBookSociety dot com

I must confess when I read the title I thought I might be reading fluff, but Jessica Lemmon has written a story with honest characters, emotions and great friendship. I was truly surprised at how much I enjoyed her writing. I have not read any of the other Bad Boy books so could not base my judgement on those.

A Bad Boy for Christmas gave me everything I like in a romance and more. Conner by far was my favorite being ex-military, super protective, considerate, and sweet as well as being sexy. Faith is reeling after finding out her Ex was cheating on her. She was also suffering from the emotional abuse the Ex had imposed on her. Her self-esteem is at an all-time low. Meeting Conner McClain is the last thing she wants even though he makes her feel protected and cared for. The physical attraction and chemistry is strong between Faith and Conner and as the story progresses friendship and love prevails.

What I loved about the story was the importance placed on family and friends. Conner had a friend from his military time and that bond and story could be felt by the reader. Conner also had a strong family background as opposed to Faith whose family was dysfunctional. When Conner takes her to his family's home for Thanksgiving Faith realizes the importance of tradition. Stranded at Christmas during a storm the couple must depend on friends and their own relationship to forge ahead and start the beginnings of their own traditions.

This book definitely can stand alone however I now want to get the others to see if the characters flow over from one book to another. A great book to curl up with during the Christmas season and I definitely can see it going into a Christmas stocking!

Great holiday-themed romance with an ahhh-mazing hero!

By Kindles & Wine Book Blog

REVIEWED BY LIZ (originally posted on Kindles & Wine Book Blog)

I only had one real issue with this story, but unfortunately, it was Faith, the heroine. I liked her at the start of the book. There were things I loved about her, chiefly, her hilarious yet totally understandable addiction to Devil Dogs. (For those who don't have a sweet tooth, Devil Dogs are two chocolate cakes shaped like an éclair, with vanilla creme in between them. YUM!) And Faith was sweet and funny for a good portion of the story. But I felt like she was a coward about the things that really mattered. In the past, Faith had been betrayed by a man and now wants nothing to do with relationships. While this is a common and reasonable reaction, even when faced with the hero's love, devotion, honesty, and every other wonderful thing about him, she still doubts him. I lost a lot of respect for her because of this and had a difficult time liking her again.

I really loved the hero, Connor, though. I thought he was pretty perfect, but while reading this book, I wondered if other readers would find him maybe too perfect. Or worse, perfectly boring. I definitely didn't think so, but I'm not one who needs heroes to be damaged or flawed. What I liked most about Connor is that he has a great heart. He cares deeply for his friends and family; he'd do anything for them. He's always thinking of others, like the way he knows Faith NEEDS coffee in the morning, so he finds a way to make sure she gets her coffee. I also enjoyed how honest Connor is. He tries to see things from another

perspective, and he admits his mistakes and owns up to his feelings, even if it's embarrassing or inconvenient. Even with all of that, he never seemed weak and never lost any of his manliness.

I'm on the fence with how I felt about the relationship between Faith and Connor. On one hand, I really liked them together. The Sexy Time was hot and there was plenty of it. I liked that they laughed a lot but could also have serious conversations. But on the other hand, since Faith was so busy protecting herself, it occasionally felt like Faith was using Connor just for sex, even though she wasn't.

I really enjoyed this book and think it's a great one to read this month. Of course, it's set around the holiday, but the reason it's such a great Christmas read is because Faith and Connor get snowed in at a quaint little cabin on Christmas Eve. Gah! Could there be ANYTHING more romantic?! Then, Connor cuts down a tree for Faith to put up inside the cabin, and they have to get creative with the decorations. It was so cute! I could go on and on about it but don't want to spoil it. I'll just say that I really loved that whole section of the book!

A BAD BOY FOR CHRISTMAS is Book 3 in the Second Chance series. I read the first book in this series at the beginning of the year, but I don't think you need to read any of the previous books before reading this one.

BOTTOM LINE

I really enjoyed A BAD BOY FOR CHRISTMAS. The hero was ahhh-mazing! Former military, current landscaper, decently in touch with his feelings... Yeah, I loved him. ? The heroine was less amazing for me, her cowardice overshadowing the things I liked about her. Still, there were laughs and plenty of drama.

I would recommend this book to fans of contemporary romance looking for a holiday-themed book with a manly-man hero who is in touch with his feelings!
