## Amazon.com Review

An Amazon Best Book of the Month, October 2014: This is a book that I did not expect to enjoy. Having finished it—and feeling, as I do now, that *A Brief History of Seven Killings* is one of the best books I've read all year—I went back and identified the reasons why I did not expect to like it. Reason #1— The story is an oral history told in multiple voices: that's true, but James' enormous talent makes the multiple voices work. Reading the novel is an immersive experience—the characters are real, they are engaging, and James uses them to look at all sides of the story. Yes, the multiple points-of-view are difficult at first, but each voice quickly distinguishes itself as unique and important; the payoff is a novel of sweeping scope and emotion. Reason #2—Many of the characters speak in Jamaican patois: like many readers, I'm not a big fan of dialect on the page. Tell me what they say, not necessarily how they say it. But James pulls it off with remarkable ease. I expected the patois to start to grate once I got further into the book. It never did. The language only added to my understanding of the story and its characters. Reason #3—Violence: this is not an easy book, particularly when it comes to violence. It starts early, and there's a lot of it (certainly more than seven killings). But it's there for a reason. By showing the violence, the poverty, and the struggle to survive in 70s Jamaica, James illustrates how the ghetto can change a person. Over time, we see how every man and woman is changed. Reason #4 –It's about Jamaica: I hesitate to admit that I wasn't initially interested in a book set in Jamaica. Am I just not interested in a world so different from mine? Whatever the underlying reason, I was wrong to think that way. I could take the easy route and say that this novel is about something more than Jamaica, but that seems obvious. All I can say is: these people were real to me. And like all great novels, James' work drew me in, entertained me, and changed me in ways I could not have anticipated. —Chris Schluep

## Review

“[Marlon James] is a virtuoso ...[the novel is] an epic of postcolonial fallout, in Jamaica and elsewhere, and America's participation in that history. ...the book is not only persuasive but tragic, though in its polyphony and scope it's more than that....It makes its own kind of music, not like Marley's, but like the tumult he couldn't stop.”

—New York Times Book Review

“Nothing short of awe-inspiring.”

—Entertainment Weekly

“How to describe Marlon James’s monumental new novel *A Brief History of Seven Killings*? It’s like a Tarantino remake of *The Harder They Come* but with a soundtrack by Bob Marley and a script by Oliver Stone and William Faulkner, with maybe a little creative boost from some primo ganja. It’s epic in every sense of that word: sweeping, mythic, over-the-top, colossal and dizzyingly complex. It’s also raw, dense, violent, scalding, darkly comic, exhilarating and exhausting—a testament to Mr. James’s vaulting ambition and prodigious talent.”

—The New York Times

“[A] tour de force... [an] audacious, demanding, inventive literary work.”

—Wall Street Journal

“Rendered with virtuosic precision and deep empathy.”

—Time

“Exploding with violence and seething with arousal, the third novel by Marlon James cuts a swath across recent Jamaican history... This compelling, not-so-brief history brings off a social portrait worthy of Diego Rivera, antic and engagé, a fascinating tangle of the naked and the dead.”

—The Washington Post

“A strange and wonderful novel... Mr. James’s chronicle of late 20th-century Jamaican politics and gang wars manages consistently to shock and mesmerise at the same time.”

—The Economist

“James has written a dangerous book, one full of lore and whispers and history... [a] great book... James nibbles at theories of who did what and why, and scripts Marley’s quest for revenge with the pace of a thriller. His achievement, however, goes far beyond opening up this terrible moment in the life of a great musician. He gives us the streets, the people, especially the desperate, the Jamaicans whom Marley exhorted to: ‘Open your eyes and look within:/ Are you satisfied with the life your living?’”

—The Boston Globe

“Thrilling, ambitious... Both intense and epic.”

—Los Angeles Times

“A prismatic story of gang violence and Cold War politics in a turbulent post-independence Jamaica.”

—The New Yorker

“I highly recommend you pick [*A Brief History of Seven Killings*] up. As a book of many narrators, this novel reminds me of Roberto Bolano's *The Savage Detectives*.”

—NPR, *All Things Considered*

“An impressive feat of storytelling: raw, uncompromising, panoramic yet meticulously detailed. The Jamaica portrayed here is one many people have heard songs about but have never seen rendered in such arresting specificity—and if they have, only briefly.”

—Chicago Tribune

“A sweeping novel that touches on family, friendship, celebrity, art, sexuality, ghetto politics, geopolitics, drug trade, gender, race and more, sending the reader from Jamaica to New York via Miami and Cuba and back.”

—Newsweek

“Like a capacious 19th-century novel crossed with a paranoid Don DeLillo conspiracy-theory thriller...the book rewards time spent, bringing a complex perspective on violence, corruption, and the untidiness of humanity to vivid life and astonishing detail. It makes you want to rush out and read everything else James has written.”

—The Philadelphia Inquirer

“The way James uses language is amazing....Vigorous, intricate and captivating, *A Brief History of Seven Killings* is hard to put down.”

—Ebony

“A gripping tale in which music, drugs, sex, and violence collide with explosive results.”

—Bustle

“James’s masterful novel radiates; [it’s] a character-driven tale that takes place in a maelstrom of guns, drugs and politics.”

—Playboy

“Brilliantly executed... The novel makes no compromises, but is cruelly and consummately a work of art.”

—The Minneapolis Star Tribune

#### About the Author

Marlon James was born in Jamaica in 1970. His most recent novel, *A Brief History of Seven Killings*, won the 2015 Man Booker Prize. It was also a finalist for the National Book Critics Circle Award and won the OCM Bocas Prize for Caribbean Literature for fiction, the Anisfield-Wolf Book Award for fiction, and the Minnesota Book Award. A “thrilling, ambitious . . . intense” (*Los Angeles Times*) novel that explores the attempted assassination of Bob Marley in the late 1970s.

In *A Brief History of Seven Killings*, Marlon James combines masterful storytelling with his unrivaled skill at characterization and his meticulous eye for detail to forge a novel of dazzling ambition and scope.

On December 3, 1976, just before the Jamaican general election and two days before Bob Marley was to play the Smile Jamaica Concert to ease political tensions in Kingston, seven unnamed gunmen stormed the singer’s house, machine guns blazing. The attack wounded Marley, his wife, and his manager, and injured several others. Little was officially released about the gunmen, but rumors abounded regarding the assassins’ fates. *A Brief History of Seven Killings* is James’s fictional exploration of that dangerous and unstable time in Jamaica’s history and beyond. Deftly spanning decades and continents and peopled with a wide range of

characters—assassins, drug dealers, journalists, and even ghosts—James brings to life the people who walked the streets of 1970s Kingston, who dominated the crack houses of 1980s New York, and who reemerged into a radically altered Jamaica of the 1990s. Brilliantly inventive, *A Brief History of Seven Killings* is an “exhilarating” (The New York Times) epic that’s been called “a tour de force” (The Wall Street Journal).

Ambitious, Well Rendered, And Difficult

By Falkor

*A BRIEF HISTORY OF SEVEN KILLINGS* is bound to be a bestseller as it has an intriguing premise inspired by fact, an interesting setting and many critical endorsements even before the book is actually released. However prospective readers should also know this is a long complicated book that has a diverse cast of characters telling the story. Thankfully there is a list of seventy-six characters mentioned by these narrators sorted by the location and time period where they appear helpfully supplied at the beginning of the book. This list even includes a brief statement of these players' roles in the novel. I admit to turning to these four pages frequently in the course of reading the novel. Some of the narration uses a great deal of slang that is occasionally difficult to figure out even using context clues. I found myself often using internet resources to decipher some of this language as well as to get more background information about Jamaica in the 1970's, 80's and early 90's. This is certainly an ambitious book and it is well rendered. However the casual reader may want to realize the investment in time and effort needed to appreciate it.

71 of 74 people found the following review helpful.

The most challenging novel I've read this year

By Mike W.

This was probably the most challenging novel I've read in several years. Who am I kidding? There's no probably about it. Marlon James has constructed an incredibly complex story, and it took every bit of memory available to me to keep up. He was kind enough to include a cast of characters, but I made it a point to refer to it as little as possible, opting instead to try and follow the story under my own power.

Add to the story's complexity the fact that most of the characters are from the ghettos of Kingston, and speak in a patois that takes some serious acclimation initially, and will slow your reading speed to a crawl at times. Amazingly though, after spending nearly a week with these characters, I felt like I had picked up the meanings quite well and could read those sections much quicker. Strangely, for me, this adaptation was the most rewarding aspect of this particular reading experience. In fact, as much respect as I now have for Marlon James' talent, I have to admit that I did not actually enjoy this novel, and found it made for an almost constantly uncomfortable reading experience.

The last time I felt the inability to enjoy such a well written book, I was reading *In Other Rooms, Other Wonders*, a Pulitzer finalist. Both books require the reader to spend most of their time in very difficult places. By difficult I mean places where innocents suffer a great deal of agony and injustice, and both books left me feeling a certain hopelessness from which I felt the reader was never released. That may well be James' intention, and the fact that he could take me to such places and make them feel so real as to make me uncomfortable is a testament to his talents.

This novel contains a great deal of incredibly graphic violence (including rape), and in fact I cannot name a more graphically violent novel that I've read in the past few years. Perhaps Philip Meyers' "The Son" comes close? There is also a lot of quite graphic sex, and since the majority of the novel's many characters are hardcore criminals, the language is very often coarse throughout the story. The number of such moments are what makes it difficult for me to recommend the book to anyone whose taste and tolerance for such things I do not know well. But the novel seems to me to have been an honest one, and as you wallow in the depths and the dregs with these gangsters, you sense the suffering from which they were born, and begin to understand their Machiavellian existence. Again, James was able to take me to some places I've certainly never been, but I can't necessarily say I'm glad I went there.

Overall, this is a brilliantly executed novel by a man who possesses a great deal of talent, and yet it is a book that is likely to prove a challenging read to most, for the reasons I've listed and more. I can't say that I'm happy to have read it, but I can certainly appreciate the art that James has created, and I do take some personal satisfaction in having followed such an intricate story to its end. Reading difficult fiction isn't always enjoyable, but it is usually beneficial, and for that I can say I'm grateful to have read *A Brief History of Seven Killings*.

49 of 51 people found the following review helpful.

This one will challenge you -powerful writing

By wjb

To say this book is impressive is an understatement. But before I go further, let me state that it was a difficult one to complete. I struggled through the dialog, constantly checked the very long list of characters, and wished for another listing to decipher the slang. Sometimes it took me a minute or two to realize what the character's point was and I began that section again. In spite of the difficulties to get through this hard and complex novel, it is ambitious as well. It covers three decades of the unstable history of Jamaica with its stark poverty, the attempted assassination of Bob Marley, and horrific violence told through many voices and dialects. I feel in the future this author will be reading sections to a captivated audience. I hope that he does because I plan to be there, if I can. Unflinching in scope, this young writer is one to watch.
