Roberts And also now, we will certainly introduce you with the on the internet publication [A History Of China \(Palgrave Essential Histories Series\) By John A.G. Roberts](#) in this site.

## Review

Praise for the second edition:

"An excellent book. Roberts' account of China over the last few years is fair, balanced, perceptive and comprehensive." -- Colin Mackerras, Griffith University, Australia

Praise for the third edition:

"A worthy successor to Roberts' earlier editions. This third edition brings the account up to the immediate present and continues to have the strength of integrating the insights of very recent scholarship on all periods of Chinese history." -- Anthony DeBlasi, Associate Professor and Chair of the Department of East Asian Studies, University at Albany

## About the Author

J. A. G. ROBERTS is a Visiting Research Fellow in History at the University of Huddersfield. He has lectured extensively on the histories of China and Japan and has a special interest in Western perceptions of Chinese and Japanese society. Among his previous publications are *Life in Early China* and *China Through Western Eyes*.

It has been said that the twenty-first century will be China's century. Such a remark highlights the importance of being informed about China's long and tumultuous history. J.A.G. Roberts traces the main course of that history, from the earliest times, through the centuries of imperial government, to the present day. Chapters on China's imperial history identify the main political and economic changes, whilst introducing key social themes. Turning to the modern period, Roberts then traces the dramatic events of the Opium Wars, the 1911 Revolution and the Republican era. The book ends with a detailed discussion of China under Communist rule and a wide-ranging review of new developments, including China's economic achievements and its costs. Thoroughly revised and expanded in the light of the latest research, and now featuring a helpful chronology, this up-to-date, authoritative overview of China's past is ideal for students and general readers alike.

A Superb Work/Great Read

By BR

This is the second purchase of this book. I lost the first on a flight when I left it on the plane. I thought the work was good enough to justify tracking down another copy. Only the next edition. I'm still trudging through, but it is a must read, if you are a history buff. Who knew that China had it's own version of the TEA party around the 5th Century AD.
