If you have to then you have to

Written by a sadist

thankfully it written in two parts, skip part one.

Part one only list off major actors and characters in the developing EU, great if you know some back gourd but if you don't there is noting in the text to help draw any conclusions.

Part 2 is far more interesting. If you can make it through Part 1

Do your self a favor read part too, skip through part 1 I suggest first line of each paragraph and then look to the EU web sight for real insight.
