## FALLING BY D.W. MARCHWELL PDF

When Scott Alan gets a phone call that his brother was hurt on a logging job, he rushes to Brian's side, only to find that his injuries are minor—but not before he meets Hank Ballam, an adrenaline-seeking logger who's an outcast among his co-workers.

Hank is a study in contrast: he lives for the rush of climbing and cutting trees almost as much as he loves the peace he finds exploring the mountains he calls home. Scott's attraction to Hank is immediate and mind-blowing, and it's what Scott has always wanted: to know what it's like to love someone he can't live without.

Scott needs to know if Hank's true feelings will be a roar of passion or simply a quiet friendship, one that doesn't match Scott's devotion. But it may be too late... Scott simply can't help himself from falling hard for Hank.

Okay Only at Best

By Allison C.

I am writing this review since there were so many positive ones and they were the reason why I purchased it...now I know this is romantic fiction, but it is not outside the realm of possibility to expect the plot evolvment to be semi- plausible.

For instance, Scrappy rushes to brother's ICU bedside but does not ask what is wrong with him until well into the hospital visit, and seems much more interested in the woman in the room visiting his brother than in his prognosis. Another example, before his brother is released he is asked and accepts an offer to go camping with his soon to be love interest after only being in town for less than 24 hrs...this is the same person that all of the other characters blame for his brother's accident...I mean huh? Camping? Who is going to take care of the brother he rushed across the country to see?

This may seem nitpicky but the book is full of little things like this that added up to bugging me. I think I am a very forgiving reader and I did like the premise for the book, but I found the writing poor.

Very rarely do I put a book down before I finish it and prefer to slog through it to the bitter end...I couldn't make myself do it for this one...

Falling by D.W. Marchwell

By Elisa

At the second book by D.W. Marchwell I have to say that I like the style: very romantic stories, high emotional level, extraordinary characters in their ordinariness, and a bit of light mood to relieve the whole mix.

When the story starts, Hank, one of the two men, is not gay, or at least he believes not to be. If we need to force him into a definition, Hank is probably bisexual: he had an homosexual experience when he was still a teenager with one same age friend; then all his following experiences were with women, and, more or less, he has no trouble with that. Hank has not a problem with sex, he has a problem with life: he has not steadiness, no family and no weights to anchor him to the ground, and for a man who tip of trees for work, it's not a good thing. Hank is unstable, and this is causing trouble both in his private than professional life.

When Hank's boss, Brian, is injured when he is working with Hank, he has the chance to meet Brian's brother, Scott. Younger than Brian and living in the city, at first Scott appears like a classy man who is not comfortable with their country life. But Scotty is also the only one to understand that Hank needs very little to be happy in life, a schedule, someone who tells him what to do, sleep, eat... and if, with that, it arrives also a lover, Hank is not the one to question if that lover is a man.

I like the "easy" feeling of the story: first Scotty who doesn't put up a drama when he arrives at Brian's hospital bed, and instead, he is the one who is willing to listen to Hank and to alleviate his remorse; then when it's clear that something between Scotty and Hank is ready to blossom, they give it time to grow without blindly jumping in something too big for them. This leads to having sex more or less when 1/3 of the book is passed, but since the book is not short, the reader has plenty of time to enjoy it: waiting for sex is right, since it's only believable that Hank needs time to accept his feelings for Scotty, and Scotty needs time to understand that he is not only an easy lay for Hank.

If the reader thinks that Hank is gaining everything from this relationship, and instead Scotty is renouncing to his city life and career, I think that is not exactly true. I had the feeling that Scotty was regretting his decision to leave the small town for the big city, and indeed Scotty is still a country boy; he is enjoying making music (Scott is a jazz composer), but not performing. Even if Scotty has a sparkling personality, it's not on the stage that he is able to express it, he is more a behind the scene guy. So, I think that, where he is offering the stability and family that Hank lacks in his life, at the same time he is also "using" Hank to regain the life he has lost when he moved to the big city. In the end Scotty and Hank are perfect together since both of them found in each other what they were missing and desired from a partner.

Both characters are really nice, Scotty with his friendly behaviour and joy of life, I have always the feeling that he has a smile on his face, even in the most dramatic situation, and Hank with his old fashioned behaviour, like he is courting Scotty, even when he has still not realized that is love what he wants from him.

loved it

OMG this was great. From the beginning to the very end, not a dull moment. Marchwell kept the rhythm of the story line so interesting. 'Scrappy' almost had it made with the exception of having someone to share it with. 'Bunny' filled that spot in his life. This story has all the ups and downs that make a gay romance interesting enough to keep you reading and looking forward to picking it back up.
