Great book, but don't buy if you have "Fighting Techniques of the Colonial Age"!

By masterpiece210

This is a great book, very informative, and with great illustrations.

Just BEWARE...this is exactly the same book as "Fighting Techniques of the Colonial Age." Same exact content. Different cover, title and publisher. "Fighting Techniques of the Imperial Age" was published by Amber Books Ltd and "Fighting Techniques of the Imperial Age" was published by Thomas Dunne Books, both in 2009.

I guess I should have thought of this because the time period is the same for both books (1776-1914), but I thought maybe the 2 books would have different information about the same period. Unfortunately not:)

Are you kidding me?

By RGD

Out of the series, this book is terrible! 85% of the topics are the battles in Africa, Afghanistan, and India. Basically slaughtering people from third world countries. There is nothing about the War of 1812, Spanish American War or the Crimea War.

Released in the US under another title

By Thomas Hillman

Fighting Techniques of the Imperial Age is the same book as Fighting Techniques of the Colonial Age. The former is the UK release and the latter is the US.
