FIRST INTO ACTION: A DRAMATIC PERSONAL ACCOUNT OF LIFE IN THE SBS BY DUNCAN FALCONER PDF

The Special Boat Service draws its manpower solely from the Marine Commando Units. It was first into battle—a month before the SAS—in the Falklands War, and again in the Gulf War, yet hitherto it is the SAS that has had by far the higher profile. This memoir is written from inside the SBS. The author tells how he trained with the Royal Marines in Deal before being recruited into the SBS at Poole. The regimen of ruthless training is described in detail, and the book also contains accounts of SBS operations in Ulster, Bosnia, and the Gulf War, and of the intense rivalry between the SAS's individualist mentality and the more team-based, marine ethos of the SBS.

A detailed look from the inside into the British Special Boat Service

By Bob Strand

A very interesting look from the inside into British Special Operations and specifically The Special Boat Service and operations with Special Air Service during the 80's and operations in Northern Ireland. Highly recommended for those with an interest in Special Operations of that era.

furgy62

By Jeffrey Furgerson

Great book. This is a first hand account of life in the little known Special Boat service. I had heard of the SBS, but very little is known about this counterpart of the SAS. Although there were somethings the author could not elaborate on, this is completely understandable due to security reasons. Having said that this is a great read on the author's personal experiences in the SBS. I would recommend this book to anyone who wants to read about the british special forces who have a wealth of experience on the world's stage.

Great information and the start of a great writing career

By Amazon Customer

Others have already gone into detail about the subject matter of this book so I won't do a real review just reiterate that this book is a great piece of information on the little know or discussed SBS. Unlike many former SF or SO authors Mr. Falconer is not only informative but a entertaining author. If you have a chance check out his fiction. Each novel gets better and better.
