Funny, Informative & finally an honest approach

By Amazon Customer

I had the pleasure of reading this book. I laughed through the whole thing, but also learned things about golf I had never considered I finally realize why I do the things I do when attempting to play and also some pointers to improve. Popovich, a first time author, is delightful in his approach. He obviously is a good golfer, but doesn't take himself seriously and is encouraging all those who attempt to play this game to do the same. Everyone who plays golf, who is contemplating playing golf or just enjoys watching golf on TV should absolutely read this book. I guarantee you will be entertained and you might just learn something from "under the Hat".

Very Wise

By Books Pireaux

The title of this book captures the content...with humor. The wisdom behind the mechanics of the game become evident through this presentation. Shared experiences from the author mixed with the notable commentaries on and about the "Pros" really make this a smooth and enjoyable read. Reasonably priced and I highly recommend it.

Great read

By Kathleen Ruppert

Reed's first effort as an author is amazing!! The tall skinny kid shows great promise in his first ever effort. Golf Wisdom has something for everyone! Even non-golfers will find something to be amused about. Can't wait for his next one!!!!!!
