A wake up call

By Kathleen Caldwell

I found "Guardians.." to be very fascinating and a must read for anyone who wants to protect their freedom. It is a stepping stone to understanding policies/procedures that affect our health, wealth and very lives today. These people are real and they are very busy behind the scenes and only a few committed crusaders are bold enough to give us the truth. It is well written, the research is sound and I couldn't put it down. I couldn't sleep either. Read it.

Wrong book

By Leo RI

Unfortunately, the wrong book was sent to me and the one ordered was no longer available.... However, I was given a full refund including the shipping cost and told to keep the book sent by error.

A Reiteration of the Truth

By JM

One of my many favorite eschatological resources is found in Prophecy in the News led by J. R. Church and Gary Stearman. This book has become one of the addendums I utilize as a complimentary reference for the last days. Consequently, I gained awareness on the particular historical origins to present issues and conflicts and now understand how they have and will come in to play for prophecy fulfillment.
