Interpersonal Communication: Everyday Encounters 5th edition

By Marie

I ordered this textbook from overseas (APO address). It came faster than it was expected. Packaging was well done. This book was described as "new", but didn't look like new at the first sight. It was in a good shape, but obviously used before and I also found inside text hand underlined by black ink. I have no problem to use this book "as is", but it would be more fair to describe it as "used".
