INTERPERSONAL ESSENTIALS BY MELANIE BOOTH-BUTTERFIELD PDF

This brief, introductory text approaches interpersonal communication from a no-nonsense, real-life perspective.

Conversational yet thoroughly research-based, this book covers the progression of skills necessary in relationships, from understanding yourself alone and in various relationships (self concept, needs, and perception) to developing and maintaining good relationships (verbal and nonverbal messages, listening, and disclosing).

This text also explores what relationships require for growth (expressing emotions, influence, and decision-making) and how to handle relationship communication when there are problems (ending relationships, fighting, differing needs). With an emphasis on essential skills and theory, this text engages students and provides a solid fundamental basis for their future.

Great book

By Justin Ryan Vendette

I needed this for a class at college. The book itself is an essential tool for communication. It sheds light on a lot of different aspects of communication that we don't really notice from a day to day basis. In terms of the book's condition, it was okay. There were highlighted words and definitions from a previous student so I'm not really complaining much there (all the work is kind of done for me). But it would have been cool to include this in the description of the book instead of saying GOOD CONDITION!

looks good! i like it.

By Kehinde Akintaju

the book is in a good condition, and glad it sold for just 1 cents. I enjoyed the book, it's easy to read and to understand. Thanks :)

Great!

By Falak N.

It's a great book but I found it cheaper else where so I sent it back.
