I like Tanya and think she is a great youtuber

By sArAh

I like Tanya and think she is a great youtuber. However, this book is for kids, seriously. I got rid of the copy I ordered. I understand her demographic is probably younger, but what about the rest of those who watch her?

Best book I've bought in a long time! Definitely worth the money!

By Joelle Bonsignore

I have been watching Tanya for about a year now, and I can truly say she's my favorite youtuber. She gives advice on makeup, skin care, fashion tips, hair and nails, dealing with anxiety, love, youtube, recipes, and everything in-between! She also includes pages at the end of each chapter for you to fill in different things such as "top 10 essential items in your makeup bag" (which she also lists hers). It's filled with beautiful pictures throughout of her and her life from when she was a child to present. I have the hardcover which I believe is only available in the UK, which is where I bought it from. The pages are very sturdy, thick and glossy. I keep it on my makeup desk because I always go back to it for tips on pretty much everything listed above. Definitely worth the money, you will not regret this buy!
