MOBSTER'S BONES (MOBSTER'S SERIES BOOK 5) BY AMY RACHIELE PDF

How can things you only glimpse for a moment sear themselves into your memory?

~Alessandra, Mobster's Bones

Alessandra has a problem. It's not that the Mafia is the only life she knows, her father and best friend being members.

She's being followed. Her stalker destroys the one thing Alessandra thought they could never touch. She's now forced to flee the only home she's known, Palmetto.

How can someone be so beautiful? The morning sunlight is coming through the blinds on my window casting a glow around Alessandra. She has been here for a week, and we have fallen into a routine. It is sort of like she has always been here. Imagining her leaving, gives me an unwanted stone in my stomach.

~ Troy, Mobster's Bones

Troy has his life planned out perfectly; graduate from Notre Dame with honors, get married, live a quiet life with his wife and kids in the suburbs. Just like his parents and their parents before them.

Things don't work out according to plan - the scaffolding of his life is crumbling before his eyes. Troy's plans didn't include the daughter of a mob enforcer showing up at his door and sleeping in his bed. Are Alessandra and her mafia family worth throwing away the life Troy has always wanted?

This book can stand alone or be read as Book 5 in the Mobster Series.

(Book 1 is Mobster's Girl)

I Hope You Read The Rest Of The Series.....

By Victoria Robertson *{Dive} Under The Cover Blog*

What I Think....

Even though I'd never read anything previous of Amy Rachiele, I felt like Mobster's Bones was a fast, clean read and easy to understand! However, though the novel was simple, I really couldn't get in to it. I will say though, Rachiele does a great job with the content of the novel. There were some fantastic scenarios that were full of suspense and kept me on my toes! I cannot imagine how much time and research would have to be done in order to create such accurate images.

Alessandra and Troy create a unique bond when Alessandra is forced into Troy's care due to an attack on her family. Someone is stalking her and is sparing no cost to make her life unbearable. After a shocking confrontation in her kitchen, Alessandra goes into hiding until the stalker can be found and dealt with. Did I mention she is connected to the Mob? Not only does Troy know this, but he is beyond intimidated by the information. He has never dealt with the Mob directly and doesn't plan to anytime soon. But, when a friend of the family needs a favor, Troy can't say no. It isn't Alessandra's fault this happened to her. But when someone makes an attempt on both of their lives, the duo has to figure out who they can trust and in a hurry. Among all the chaos, Alessandra and Troy find a way to look past the bad and into the good blooming between them.

Now, there were a few things that I found I wasn't a fan of while reading. Some of the encounters between characters threw me off due to the lack of background information provided. By background information I just mean information that would have been pulled from the rest of the series. Because of this, I questioned their relevance to the story as a whole. I also thought that the sentences lacked extra detail. They stated the main point, but seemed short and choppy to me. Also, I felt like the novel was rushed. There are some major moments in this novel that happen back to back, but have little explanation. There wasn't really one big climax, more like a bunch of little ones with no real recess.

I have to say, I don't think this should be considered a New Adult Romance, but more like a Young Adult fiction. The novel is extremely clean, with little vulgar language or brief sexual circumstances. I also do not think this should be read as a stand alone story. There just isn't enough information found in the rest of the series to prepare the reader, making it a hard read coming in new. I think I would have enjoyed this novel more, had I been better prepared for the the correct genre and been able to connect with the characters better. I will say, this novel does have great potential for the right reader. I think that the teenage generation would enjoy this immensely.

Good book!

By Annamaria Folkerts

Good Book! Mobster Bones is the fifth book in the Mobsters Series. Date of Publication: June 28, 2015. Pages: 108. This is the first book I read by this author. I enjoyed this book but wished the story was longer.

The two main characters in this book are as Alessandra and Troy . Alessandra is the daughter to one of the members of the mob . She is being stalked by someone unknown . Troy is the one now assigned to protecting her, He is a friend of one of the members of the mob. Can the two of them figure out who's the stalker is and keep each other safe in the process? I was told this could be read read as a standalone. I would recommend reading the other four books before reading this one. Overall I did enjoy it and recommend.

I received this bug as an ARC for an honest review. This book was read and reviewed by Anamaria for Alpha Book Club.

Great Mafia book!!!

By Amy Crull

If you love Mafia books then you will definitely love this one. It has all the making of a great mafia book. I love Alessandra and Troy together. They balance each other very well.

Alessandra is a mafia princess and thankfully knows how to take care of herself. She has a stalker and Troy has been chosen to watch over her. He does all this while juggling college classes. It isn't easy especially when you have his drunk friend Jake and all the mafia guys hanging around.

If you're following this series unlike myself, since this is my first book by the author, then you will love the fact that you still get some of the other characters. I really enjoyed reading this book and can't wait to read more from this author.
