MY MOM HAS MS BY STACEY LONGO PDF

When Patrick's mother is diagnosed with multiple sclerosis, everyone in the family pitches in to help out more. But Patrick is too little to do the laundry or help with the cooking. What can he do to help his mom? A heartwarming tale based on a true story proving that nothing's more important than family. This book is also an important tool to help start the discussion with young children about multiple sclerosis. A portion of the proceeds from the sale of this book will be donated to the National Multiple Sclerosis Society.

Excellent book! I read this book with my 6 ...

By Nicolina

Excellent book! I read this book with my 6 year old daughter and she really enjoyed it. There was humor in it, and written at a level that she could understand, without it sounding "baby-ish," or too technical. The take home part is that even though your mom may not be able to do things as she did before, she still loves you the same, and will show her love in other ways. I've had MS for 10 yrs, and would definitely recommend this book to help younger children understand this disease a bit more.

Exactly what I wanted!

By Candra Rainey

As a mom with MS and a 4 year old daughter, I found this book to be really appropriate. I was diagnosed when my daughter was 1. As she's getting older she's noticing subtle differences between me and others, and I want to be honest, educate and share with her without scaring her. I have yet to read the book to her, but after reviewing it myself, I believe it will be the perfect opener to many deeper conversations that will come. Thank you so much to the author! You are filling a much needed void with your work. I appreciate you helping other families.

ms mom

By Amazon Customer

My daughter is 8. This is a great book to share with her. It would have been better if she had it when she was younger. The shipping was faster than I had planned.
