Fun kit. This is not just a book

By RicC

Fun kit. This is not just a book. It is a boxed set that has an origami book, a chess board, and papers to fold the chess pieces. The book is lovely - nicely illustrated with detailed folding diagrams. The chess board is very nice - It unfolds into a board that is about 20 inches square.

There are many models of cats and dogs. They are folded separately and then glued onto a base to make the chessmen. The cat and dog models are very nice on their own, but they are a bit complex.

Box measures about 11 inches square. It open like a book. Inside is the stuff - the book, chessboard and papers. These items are encased in a plastic "clamshell" type package that is glued to the inside bottom of the

box. It was very difficult to remove this from the box.

The box is nice too - very sturdy with thick sides with a magnetic closure. And it is perfect for holding the chess board and the chess pieces.

Cute cats and dogs!

By Hello Happy

I think this set will appeal to many people, including fans of chess, cats, dogs, and fans of origami. This set includes 100+ sheets of origami paper, printed with various designs (including photos of fur), along with a surprisingly substantial book with visual instructions that make it really easy. I loved how the dogs and cats are sitting in cute little positions, and each sits on its own chesspiece marked stand. The nice 2-sided chessboard is included. I've just gotten started with making my favorite cats and dogs first, and I'm really enjoying this set!

Fun for a rainy vacation week

By Lisa Ruscyczk Ed.D.- Author of the Charlie the Cavalier Children's Books and 50 Things to Know Books

I got this for a present for my daughter and husband. He loves chess and she loves animals. Making the pieces was a fun activity for both of them. Some of the animals were more challenging than others. The board was very thick. This is a great long term project and display piece. I received this product at a reduced price for an honest review.
