Pale Saint

I have been reading library copies of Lustbader's books, but could not find a copy of Pale Saint in any nearby location, or any evidence that this book has been published in the United States--even though the characters and setting are American. The book does not have the strong oriental themes that characterize Lustbader's fiction, but does have the common themes of esoteric consciousness. I was surprised at the price and enjoyed having a book sent from Germany. I hope that other Lustbader readers will take advantage of its cost and availability. It is an interesting read.
