Good enough story for this fan

By A. Kronberg

A good story for me as an addict to the fantasy of space travel and the humans who are just people like us; curious, looking for challenge and able to work things out as things come up. They don't need everything laid out before they try something new. Isn't that the definition of an interesting life style?

By Frederick

I enjoyed this resurrection of Captain James T. Kirk. I have read the entire series of Mr. Shatner's books. This book would have made a great follow up film to Generations.
