THIS IS A GREAT MASTERPIECE!

By Jam L

I finally read through the entire book, and I've been waiting for something like this to come out in the health market for holistic self diagnosing. Dr Afrika has some excellent charts that displays awesome methods to detect diseases. I've already been able to diagnose my weak kidneys through the tongue, urine, and feet diagrams. I easily detected diabetes in my friend through understanding the multistick-10sg interpretations.

This book really helps unveil the signs of the body, and how it relates to disease, wellness, and behavior.

Even some of these charts I've seen in some of his lectures, and Im finally happy to have them in one concise book with explanations. Thanks Dr Afrika for placing this information out here.

I find that the information is dead on accurate for what I am seeing/experiencing in my body and what the specific problem is. I am beyond impressed!! What's more, the diagnosis and subsequent treatments are easy to understand and follow!! ENCORE! BRAVO, Dr. Llaila Africa!!! You've made a fan out of me!
