A book every man should read!

By Cinquain

This book changed my life, the way I looked at sex, and the way I regard ejaculation. Before this book, I did not know I had multi-orgasmic capabilities, but lo after 3 months, I had my first non-ejaculatory orgasm. What a wonderful discovery.

Every man should read this book and re-educate themselves on sex and their own sexuality. I already bought a copy for my best friend and will definitely purchase one for my son when he arrives at the proper age for this material.

GREAT BOOK!

By Nathan Machutta

I've started reading 'The Multi-orgasmic Man' and it goes way beyond simple orgasm! The book also presents all the information in a way that the spiritual seeker and scientific nerd can both appreciate. As a person who knows proper teaching method well, I can also say that they present the information in a very clearly communicated linear format that's easy to follow and remember. I'm very impressed and looking forward to reading more!
