TO CHALLENGE THE EARL OF CRAVENSWOOD: A WICKED WAGERS NOVEL (WICKED WAGERS TRILOGY BOOK 3) BY BRONWEN EVANS PDF

NEW COVER January 2015

To live happily ever after...

Henry St. Giles, the Earl of Cravenswood, longs to find his soul mate. Now that his two best friends, both reformed rakes, are happily married, the need becomes an obsession. When they challenge him to find a wife by the end of the season or marry his neighbor, the innocently alluring Lady Amy Shipton, he can't believe his luck. He wins, either way. But a darkened garden, a case of mistaken identity, a drunken kiss, and a dropped emerald earring, leads Henry on a Cinderella hunt. He knows the woman he held in his arms could be the one he's searched for all his life. He just has to find her.

Lady Amy Shipton is determined to marry for love instead of sharing her husband like her mother did. So why did she let her handsome neighbor and romantic fantasy, the Sinful Saint as he's called for his bedroom prowess, seduce her in his garden? And what can she do when in the middle of their passionate encounter; he whispers another woman's name. Now Henry is hunting the owner of the earring Amy left behind, and she's determined to retrieve it before her identity is revealed. She's not about to give her father the ammunition he desperately wants to force her down the aisle.

Book 1 in the Wicked Wagers trilogy, To Dare the Duke of Dangerfield, was a FINALIST in the Kindle Book Review 2012 Indie Romance Book of the Year.

Like the other Novellas much more

By Mrs. Russell

CAUTION SPOILERS AHEAD

I thought this series started off good but went slowly downhill. I was disappointed in this one. I loved Henry since the first novella and thought Amy was great in the last one. I was looking forward to reading their story. However there were so many things that had me shaking my head that I just could not enjoy it at all.

First there was some discrepancies. This novella starts a year after the second novella started. At the end of the last novella, Marcus says that Millicent is Henry's current mistress and he's been true to her for the last 2

years and he's still with her at that point. Yet in this novella we're told they've been together for 7 years and Henry says Millicent left him 18 months previously. Which dates are the correct ones?

I thought all the drama with the misunderstandings and secrets going on between everyone seemed contrived. I was rolling my eyes so much I just decided to skim most of it.

The ending was the worst part. I completely hated that Amy looked so much like Millicent. That was not necessary and only to create more contrived drama for the pair. There is no way that Henry and Amy would be having sex in her father's house after he came to talk to her. Not happening in that time period. I thought it was completely ridiculous that Amy tells Henry to go visit Millicent to see how she's doing. She left Henry after years of being with him, with a note saying she'd found someone else. Obviously she didn't care enough about him to even say it in person so why would he want to give her money because she wants to retire? And the most ludicrous part of all would have to be Amy giving up a sizable amount of her dowry and her mother's cottage so that her husband's ex-mistress can live happily ever after.

I thought Henry deserved a better story. And so did Amy. :(

I did enjoy this book but....

By Sandy Milan

This is an update on my review as I've recently re-read it as part of the 'Passionate Promises' bundle. It didn't improve the second time around and in fact I would have only given 2 stars this time. I won't change my review to be fair to the author. My initial impressions were right and there was way too much focus on the mistress. Honestly the mistress was the bar that the h seemed to have to live up to.

****Spoilers****

I really wanted to enjoy this book but I just couldn't move past the H's 7 year relationship with his mistress that he was still pining for 2 years later (at the time he first kisses the h). The h looks like the mistress too. The H had been lovely in the other books and I was disappointed with his story. Even Caitlin (the h from the other book) said she was happier that her husband had slept around with anyone and everyone but they were nameless and faceless, unlike our H's dedication to his former mistress.

Finally the ending where the h ends up buying the mistress a house and giving her an endowment all funded from her dowry, as a wedding gift for the H, was too much for me.

A twist on a fairy tale

By Gigi

Henry St. Giles, the Earl of Cravenswood wants to marry, he really does, but he has yet to meet the woman he wants to spend the rest of his life with, until that is he literally stumbles into her in his garden late one night! One night, Henry finds himself in a drunken stupor in his garden. Amy Shipton, his neighbour and the young woman who has secretly loved him for years is also there. She, like Henry, has often sought out the shelter of the garden, and unbeknownst to Henry has often kept him company while he sat talking to his late brother Richard, seeking solace and wisdom in his life and as the new Earl.

During the night in question, after Henry stumbles and falls, Amy rushes to help and is groped and kissed and mistakenly thought to be Henry's ex-mistress Millicent!

When Amy flees the scene, she leaves behind a very expensive, emerald earring. It's a clue to the mystery

woman's identity, the only clue Henry has. Amy's family's past, the name Henry utters while she is in his arms and some well-meaning interference from his friends make his search a bit more difficult than he expected, but it isn't long until he discovers his mystery woman. Now all he needs to do is convince her of his intentions.

This is the third book in the series, and I have read all three in the series. Although there was passion between Henry and Amy, I didn't feel enamored of the characters. I also didn't feel the ending to be a plausible one.

When Millicent leaves Henry, she falls into the arms of a not-very-nice man. Although Millicent does not play a role in the book, other than the reader being aware of her existence, we learn in the end that she wishes to leave the life she has lived as a mistress and Henry decides he wants to help her retire if that's okay with Amy. Well it seems it's so okay with Amy, that Amy signs over a small property to her and a substantial part of her dowry. I found it hard to believe that any woman could be that generous of spirit, under any circumstances!
